for security reasons, should not be included in any statement forwarded to the Civil Service Commission:

25X1A " [REDACTED] reported for duty in August, 1946, as Administrative-Finance Officer with [REDACTED] Field Unit. [REDACTED] duties
25X1A as assigned entailed considerable detailed work, necessitating a constant
25X1A use of his eyes and requiring a high degree of concentration. In the late
summer of 1947, [REDACTED] complained of constant headaches which he
believed to have been induced by constant eye-strain. This condition de-
teriorated to the point where, in December, 1947, he was unable to actually
perform all of his detailed work. He placed himself under medical treat-
ment and remained available for consultation and advice at all times.

By February, 1948, he was completely incapacitated insofar as the use of his eyes was concerned, but he still was available to his assistants for guidance and counsel. Due to his incapacity, he was returned to the United States in the spring of 1948 for medical treatment.

25X1A [REDACTED] was exceptionally well-qualified for his position, and only his disability prevented him from completely fulfilling it.

While he was considered to be a moderate user of alcohol, it is not believed that this in any way interfered with his work [REDACTED]
He did not evidence at any time an addiction to either [REDACTED] drugs or alcohol.

25X1A 4. [REDACTED] efficiency ratings are as follows:

1 June 1947	-	Excellent
2 March 1948	-	Excellent

5. If there is anything further we can do to assist with this case, we will be glad to have you so advise us.
